

PACKAGING SYSTEM, MATERIAL & FOOD MACHINERY

Package Your Success

Printed Bags & Film and Form Fill Sealing Machines

PRINTED BAGS & FILM

Flexible Packaging:

- Printed Vacuum Bag / Film
- Printed Laminated Bag / Film
- Freezable, Microwaveable, Retort
- Rotogravure up to 10 colors
- Custom Sizing & Flexible Quantities, from small to large amount

Horizontal Flow Wrapper KFW-3703-i

- Common usage: To pack solid products stand alone or products in open cavities
- Special usages: For long tubes or sticks, such as French Baguettes, or any tube type long products

Sealing Machines

BAND SEALER KSY-M901VP

Sealing

Sealing Thickness: 0.06mm ~ 0.5mm (Total Thickness)
 Bag Size: Max. 30cm (L) X 25cm (W)
 Sealing Width: 5mm or 10mm (Special Order:12mm)
 Sealing Speed: Maximum: 10 Meters Per Minute

BAGGING MACHINE COMBINATION SCALE KBF-ZI Series

- Bag Feeding
- Bag (Zippered) opening
- Product weighing (Portioning)
- Product Feeding (Granular, Liquid, Powder)
- Bag Sealing
- Zippered closing
- Filled bags ejection

Filling and Sealing Machines

QUAD BAG PACKING MACHINE K-Q SERIES K-Q520

Bag Style

Film width: Max. 520mm
 Bag width: X=Max.200mm
 Y=40-105mm T=5-10mm
 bag Length: Max. 400mm
 Packing speed: 10-50bpm
 Power supply: 220V, 50Hz, 6KW
 Dimension: 1780 x 1350 x 1950 mm Weight: 700kg

Options: Nitrogen Gas Flushing; Dust collector; Air Expeller
 Hole Punch Device; Tear Notch Device; Vacuum film-pulling

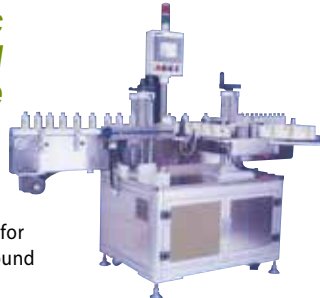

Filling and Sealing and Labeling Machine Series

QUANTIFYING - FILLING MACHINE KSA-100

For filling liquid, high viscosity products, liquids contain granules, or powders.

Full Automatic Wrap - Around Label Machine KTL-130

Applies the labels to all round containers for semi or full wrap-around application

1. Controller is self diagnostic
2. Optional equipment : host stamp date coder, ink jet printer, etc...
3. All stainless structure
4. Encoder and powered label pre-stored device for enhanced accuracy
5. Powered paper rewind device to increase retrieve volume and reduce web change time

KET - MINI 2A3 FORM FILL SEALING MACHINE KET-2A3

KET-2A3

MOST POPULAR

- For liquid with NO solids e.g. Soy Sauce, Milk, Honey, Syrup, Vinegar, Cooking oil, Wine Essence, Perfume, Lotion, Alcohol, Engine oil, Liquid Shampoo, Liquid Laundry Detergent, and Bleaching Liquid...

STAINLESS STEEL CONSTRUCTION

- Business fields: Store front, product testing, restaurant, small run.
